

Job vacancy at AIHTA

HTA Austria, Austrian Institute for Health Technology Assessment (AIHTA) is an independent institution for scientific decision support in the health sector. We provide the scientific basis for decisions in favour of an efficient and appropriate use of resources. Our work-programme is defined by the key decision-makers in the Austrian health care system (e.g.: the Federation of Austrian Social Insurance Institutions, the Federal Ministry for Social Affairs, Health, Care and Consumer Protection, the Health Funds of the Austrian Federal Provinces). We work in a team of researchers from the fields of medicine, health sciences, communication science, health economics, etc. and numerous clinical experts. We seek support and are looking for a candidate from 01.01.2023 in Vienna.

Researcher for EU project (2023-2025) on Public Return on Public Investment in Drug Development (Full-time position, limited to 3 years)

Your tasks

- Scientific analysis of the value chain in drug development:
 - critical analysis of secondary literature and data analysis
 - systematic reviews of costs, beneficiaries of R&D expenditures and revenues
 - scientific but policy-relevant synthesis and presentation of knowledge
- Participation in the development of new methodological approaches to pricing and reimbursement models in an international consortium of health economics experts
- Option to work on the project as a PhD/Dr. project

We expect:

- A completed university degree (Mag./Master: Political Economy, Economics, Political Science/ Public Governance)
- Knowledge of the method of conducting systematic reviews (incl. „critical appraisal“)
- Precise and reliable working attitude
- Good English (fluent) spoken and written
- Excellent communication style and rhetorical fluency
- Good MS Office skills
- Willingness and ability to engage in "academic activity" (writing scientific publications, giving lectures at conferences)
- Ability to work in a team and willingness to work with other disciplines on an equal footing
- Willingness to expose oneself to the tension between science, clients/payers and service providers, which is not always free of conflict

We offer an exciting and challenging position in an interdisciplinary team with a minimum salary of € 2,756 gross per month (depending on qualifications and experience, a higher classification is possible). If this position appeals to you, please apply by **15 November 2022** with the subject "Job vacancy: Research Associate" at office@aihta.at.
